

# All Aerospace, Electrical, Infomechatronic, Telecommunication and Software Engineering; and Information Technology, Maths and Physics Students

Are you considering your options for the next phase of your career? Are your grades of a high standard and a reflection of your ongoing efforts?

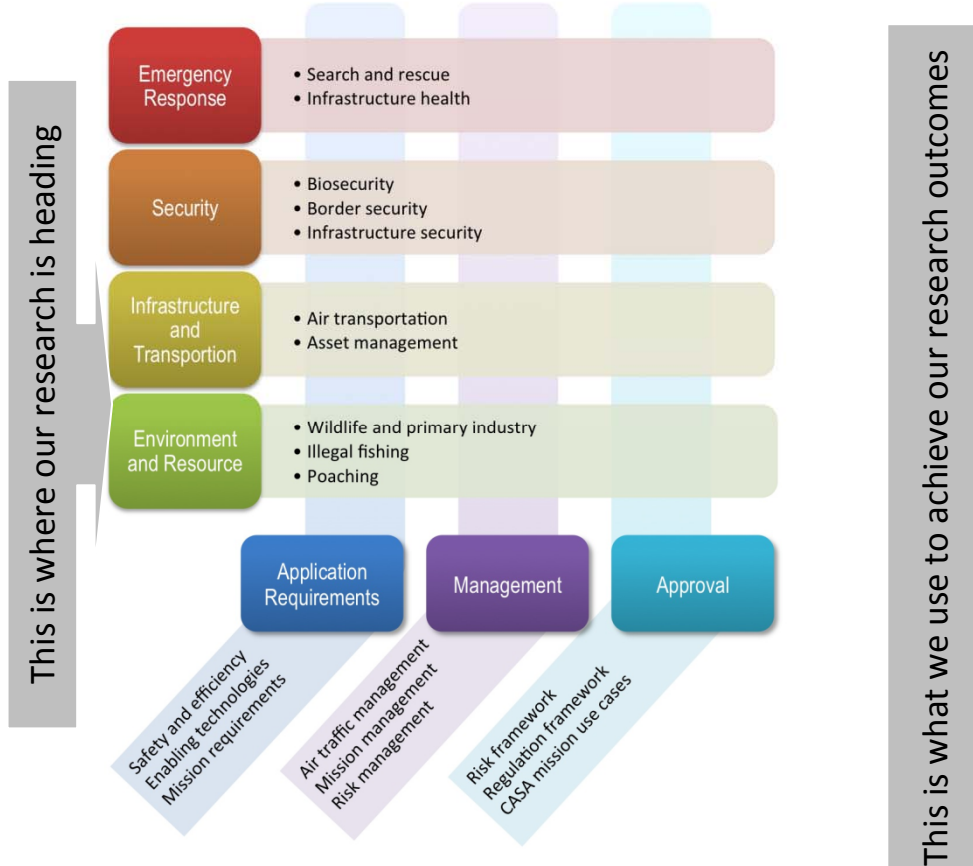

If you would like to know more about a challenging career in Aerospace Research, come along and see our research centre and hear a presentation from one of the Faculty's largest and most vibrant award winning research groups:

## The Australian Research Centre for Aerospace Automation (ARCAA)

7 September 2011 @ 2pm  
ARCAA Facility, 22-24 Boronia Rd, Eagle Farm

As part of our presentation, we invite you to visit our facility followed by a BBQ. Transport to ARCAA will be provided from Gardens Point. The vehicle will leave at 1.30pm from the junction of G, H and J Blocks at Gardens Point and return there by 5pm.

RSVP to [lyn.pearson@qut.edu.au](mailto:lyn.pearson@qut.edu.au) by 1<sup>st</sup> September 2011  
Contact Assoc Prof Duncan Campbell on 07 3138 9267 for questions
